

# I'd Never Know

Hawk Nelson

I'm grateful  
Not because I'm overwhelmed  
But because I know that I am helped  
I'm grateful  
Not for what I'm walking through  
But because I know it leads to you

These are the moments  
You're drawing me closer

I'd never know you as a healer, if I never needed healing  
I'd never know you as a savior, if I never needed saving  
I'd never know without going through, through the valley low  
There's so much about you I'd never know

I'm hopeful  
Even in the hardest place  
Cause I know I'll be amazed by grace  
I'm joyful  
Even when my heart is bruised  
Cause tomorrow you'll make all things new

These are the moments  
You're drawing me closer

I'd never know you as a healer, if I never needed healing  
I'd never know you as a savior, if I never needed saving  
I'd never know without going through, through the valley low  
There's so much about you I'd never know

Your whole story is glory  
To glory, to glory again  
Your whole story is glory  
To glory from now till the end

I'd never know you as a healer, if I never needed healing  
I'd never know you as a savior, if I never needed saving  
I'd never know without going through, through the valley low  
There's so much about you I'd never know

Yeah I'd never know  
Yeah, yeah
