

Let's Dance

Hawk Nelson

They teach us how to talk, they'll teach us how to walk
They'll teach us how to dance just like this
They'll teach us how to dress in nothin' but the best
It's all about success

Why do we fill our heads
With these things that all make no sense
We're no different from the rest
We're all just tryin' to shake this mess

And I don't wanna look inside myself cause
Then I'll have to change somethin' else and
I don't want to live, like someone else I'm
Happy in my skin, bein' myself
Let's dance

They teach us how to roll, make em lots of dough
Money is the god we work for
Keep up with the style, this artificial smile
Will only last a while

Why do we fill our heads
With these things that all make no sense
We're no different from the rest
We're all just tryin' to shake this mess

And I don't wanna look inside myself cause
Then I'll have to change somethin' else and
I don't want to live, like someone else I'm
Happy in my skin, bein' myself
Let's dance
