

# Right Here with You

Hawk Nelson

Chaos all around  
Feel You reaching out  
Your heart touches mine  
And the hand of time stops

Feels like letting go  
Losing my control  
Breathing in and out  
Getting closer now  
I keep falling deeper  
I keep falling deeper

Right here, right here with You  
Forever's a moment  
Right here, right here with You  
It's taking me over  
I keep falling deeper  
Your love keeps taking me higher

All my fears dissolve  
Come take what You want  
All these walls are down  
Getting closer now  
I keep falling deeper  
Yeah, I keep falling deeper

Right here, right here with You  
Forever's a moment  
Right here, right here with You  
It's taking me over  
I keep falling deeper  
Your love keeps taking me higher

And I know  
You're right beside me wherever I go  
And I know  
You're right beside me wherever I go

Right here, right here with You  
Forever's a moment  
Right here, right here with You  
It's taking me over  
I keep falling deeper  
Your love keeps taking me higher

Right here, right here with You  
Touching the heavens  
Right here, right here with You  
Here in Your presence  
I keep falling deeper  
Your love keeps taking me higher

Your love keeps taking me higher...  
Your love keeps taking me higher...
