

## Right Here

Hawk Nelson

Every time I see you I can see right through you  
Knowing I could never change your mind  
I look into your eyes for the last time  
I have realized for the first time

While everyone is around I'll take a moment  
To let you know that I am down

Have all my questions been ignored?  
This time I'm walking out the door

I don't know if I'll ever know why  
Or hear the sound when angel's cry  
What you said to me late last night  
I'll remember for the rest of my life  
Every night when I close my eyes  
I see the ways that you've touched my life  
And I want you to know that I'll  
Always be right here

Time stands still, so do I, leave me here  
But for now I will go and I won't say nothing  
Every time I hear that sound it reminds me that  
You're always hanging around

Have all my questions been ignored?  
This time I'm walking out the door

I don't know if I'll ever know why  
Or hear the sound when angel's cry  
What you said to me late last night  
I'll remember for the rest of my life  
Every night when I close my eyes  
I see the ways that you've touched my life  
And I want you to know that I'll  
Always be right here

These are the days these are the moments that pass us by  
We ask the questions but we never really find out why

Pull my card right from the bottom  
Reminds me of the things we've forgotten  
That road trip we look back in autumn  
The time we left and went back and got 'em

These are the days these are the moments that pass us by

I don't know if I'll ever know why  
Or hear the sound when angel's cry  
What you said to me late last night  
I'll remember for the rest of my life  
Every night when I close my eyes  
I see the ways that you've touched my life  
And I want you to know that I'll  
Always be right here
