

## What A Woman

Hawksley Workman

What a woman (6x)  
The quiet air planers hear  
The sound of change  
As it's rattling in my ears  
What a woman (6x)  
What a woman could drag up from the mud?  
For those of us who never have been touched (3x)  
What a woman (3x)  
What a woman could drag up from the mud  
What a woman (12x)
