HAVE YOU SEEN THEM

Into the forest between the trees
A whisper heard slips through the leaves
Snaking on the debris floor
Is this not what your looking for
Have you seen
Can you feel
Can you hear
Only fear
The wind caresses the branches creak

Shadows in shadow speak
Swiftly on the breeze go by
Slowly know the reason why
Have you seen
Can you feel
Can you hear
Only fear

Missing verse t index 1;43

You chase the mystery
????

Have you seen
Can you feel
Can you hear
Only fear
