

## Social Alliance

Hawkwind

A social alliance, are you in distress?  
Just contact me and I'll do my best  
She said "I'm a person, so don't abuse me  
You know I am a Doctor of the third degree"  
A Doctor of the third

Don't miss the sensation  
It's never too late  
If you think you're ready  
There's no need to wait  
Can your mind take it?  
Do you really care?

We're part of a structure  
That needs no consent  
You think you're the same  
When we're all different  
Jean lives for fashion  
And I live to fight  
Before life was easy  
Now we're creatures of the night

We're creatures of the night  
We're creatures of the night  
We're creatures of the night  
Creatures of the night
