

Better Together

Hayden James

Where you go I'll go
I'm waitin' for you
Yeah you know
I got this feelin'
Your name I'm hearin'
Won't you go?
Say what you're thinkin'
Just give me a reason
Let me know
Somethin' about this feelin'
I'm never leavin'
I know

Feels a lot like love
Loves a lot like hearts
Feels a lot like mine
Feels a lot like love
Loves a lot like hearts
Feels a lot like mine

Better together
Better together

I know what I'm feelin'
See you when I'm dreamin'
Can't let you go
No rhyme, there's no reason
Change of the season
Starts to show
Say what you're thinkin'
Just give me a reason
Let me know, let me know
Somethin' about this feelin'
I'm never leavin'
I know

Feels a lot like love
Loves a lot like hearts
Feels a lot like mine
Feels a lot like love
Loves a lot like hearts
Feels a lot like mine

Better together
Better together
Better together
Better together
Better together

Keep missing you
Keep missing you

Feels a lot like love
Loves a lot like hearts
Feels a lot like mine
Feels a lot like love
Loves a lot like hearts

Feels a lot like mine

Feels a lot like love
Loves a lot like hearts
Feels a lot like mine
Feels a lot like love
Loves a lot like hearts
Feels a lot like mine

Better together
Better together
Better together
Better together
Better together
