

Feelin' (Interlude)

Hayden James

Feelin' better together
Dreaming, feeling, between us
Feelin' better together
Dreaming, feeling, between us

'Cause I'm feelin' so much better
We're together and there's no one else around
While we're dreaming are we feelin' that
Between us it's a heart that sticks around

'Cause I'm feelin' together
Dreaming, between us
Feelin' together
While we're dreaming, between us

Feelin'
Feelin'
'Cause I'm feelin'
Dreaming
Feelin'
While we're dreaming

'Cause I'm feelin' so much better
We're together and there's no one else around
While we're dreaming are we feelin' that
Between us it's a heart that sticks around
'Cause I'm feelin' so much better
We're together and there's no one else around
While we're dreaming are we feelin' that
Between us it's a heart that sticks around

'Cause I'm feelin' together
Dreaming, between us
Feelin' together
While we're dreaming, between us
'Cause I'm feelin' together
Dreaming, between us
Feelin' together
While we're dreaming, between us
