

Hold Tight

Hayden James

Lately I've been lost in the motion
Tripping over pieces of us
Heart is at the end of the ocean
I've been tryna reach up above

All of these feelings I, I can't control
Don't wanna leave them anymore
All of these feelings I, I can't control
Don't wanna leave them anymore

Ooo it's alright
I'll hold tight
'Cause oh
The riptide
Will bring me back, bring me back
To you
It's alright
I'll hold tight
'Cause oh
The riptide
Will bring me back, bring me back
To you
I'll hold tight
You
I'll hold tight
Bring me back, bring me back
To you
I'll hold tight
The riptide
Will bring me back, bring me back

Ooo it's alright
I'll hold tight
'Cause oh
The riptide
Will bring me back, bring me back
To you
It's alright
I'll hold tight
'Cause oh
The riptide
Will bring me back, bring me back

I been trying hard to be patient
But it keeps on coming in waves
I know that it's time that could save us
So I'll keep on counting the days

All of these feelings I, I can't control
Don't wanna leave them anymore
All of these feelings I, I can't control
Don't wanna leave them anymore

Ooo it's alright
I'll hold tight
'Cause oh
The riptide

Will bring me back, bring me back
To you
It's alright
I'll hold tight
'Cause oh
The riptide
Will bring me back, bring me back
To you
I'll hold tight
You
I'll hold tight
Bring me back, bring me back
To you
I'll hold tight
The riptide
Will bring me back, bring me back

Ooo it's alright
I'll hold tight
'Cause oh
The riptide
Will bring me back, bring me back
To you
It's alright
I'll hold tight
'Cause oh
The riptide
Will bring me back, bring me back
To you
