

# Make It

Hayden James

We could never, we could never  
We could never, we could never  
We could never, we could never  
We could never, we could nev-

They said we could never make it  
They said we could never make-  
They said we could never make it  
They said we could never make it  
They said we could never make it  
They said we could never make-  
They said we could never make it  
They said we could never make it  
They said we could never make it  
They said we could never make-  
They said we could never make it  
They said we could never make it  
They said we could never make it  
They said we could never make-

They said we could never make it  
They said we could never make it  
They said we could never make it  
They said we could never make it  
They said we could never make-  
They said we could never make it  
They said we could never make it  
They said we could never make it  
They said we could never make-

We could never, we could never  
We could never, we could never  
They said we could never, we could never  
We could never, we could never  
They said we could never, we could never  
We could never, we could never  
They said we-

They said we could never make it  
They said we could never make it  
They said we could never make it  
They said we could never make it  
They said we could never make-
