

Let It Last

Hayden

let it last let it last this moment in our past let the sun stay
right where it is let us bask let us bask this time that moves
so fast may you remain just as i see you now its so sad its so
sad that the memories that i had are the ones that i dont want
back its alright its alright its ok yeah its ok cuz today was
the day that the light hit you in a way that will always always
stay its alright its alright its ok yeah its ok cuz today was
the day that the light hit you in a way that will always always
stay
