

Malena

Hayley Westenra

Kissed by sunrise
Eyes made for mine
Skin of moonglow
Breath made of wine

Give me water
Give me rainfall
For I can't wash away
The thoughts of you around me
And all I dream is that
Your heart would beat with mine

It's like the stars that shine, mountains we climb

'Til the end
I would stand
By your side.

In the moonlight
Your eyes missed mine
Caught the starglow
Left me behind

Give me water
Give me rainfall
For I can't wash away
The thoughts of you around me
And all I wish is that
Your heart would beat with mine

It's like the stars that shine, mountains we climb

'Til the end
I will stand
By your side
