

# Peace Shall Come

Hayley Westenra

They say He's here this night  
They say there shines a star above tonight  
Tonight, tonight, tonight, tonight

They say to follow the light  
They say it's gonna be bright tonight  
Tonight, tonight, tonight, tonight  
Tonight, tonight, tonight, tonight, tonight

Heaven's angels sing  
Gifts of gold we bring  
For our new King  
And peace shall come to everyone

He lays in a manger tight  
They say His birth will make thing right tonight  
Tonight, tonight, tonight, tonight  
Tonight, tonight, tonight, tonight, tonight

Heaven's angels sing  
Gifts of gold we bring  
For our new King  
And peace shall come

Heaven's angels sing  
Gifts of gold we bring  
For our new King  
And peace shall come to everyone  
To everyone  
Tonight, tonight, tonight

Heaven's angels sing  
Gifts of gold we bring  
For our new King  
And peace shall come

Heaven's angels sing  
Gifts of gold we bring  
For our new King  
And peace shall come

Heaven's angels sing  
Gifts of gold we bring  
For our new King  
And peace shall come to everyone
