

# Kill Me

Hayley Williams

Eldest daughters never miss their chances  
To learn the hardest lessons again and again  
Carrying my mother's mother's torment  
I think I'm where the bloodline ends  
I'll never do the right thing again

Go ahead and kill me, can't get much stronger  
Find another soldier, another soldier  
Go ahead and kill me, can't get much stronger  
Find another soldier, another soldier

Eldest daughter comes to stop their cycle  
A job you never asked for is paying in dust  
Setting down your mother's mother's torment  
Save yourself or make room for us  
'Cause either way we live in your blood

Go ahead and kill me, can't get much stronger  
Find another soldier, another soldier  
Go ahead and kill me, can't get much stronger (Ah-ah-ah)  
Find another soldier, another soldier (Jesus Christ get me out  
of here)

I'm sorry that you're going through something hard  
I'm sorry that you're going through something hard

Go ahead and kill me, can't get much stronger  
Find another soldier, another soldier  
Go ahead and kill me, can't get much stronger (Ah-ah-ah)  
Find another soldier, another soldier  
Go ahead and kill me, can't get much stronger  
Find another soldier, another soldier  
Go ahead and kill me, can't get much stronger (Ah-ah-ah)  
Find another soldier, another soldier
