

## Wait On

Hayley Williams

I don't want to wait on you  
But it's just what I keep doing  
As if I've got nothing to do  
As if my life won't keep on going  
Without you

The sky will wake up every morning  
And sometimes feel the need to pour out  
All the feelings it's been holding  
But either way  
It never comes down  
It knows its place  
And knows a way around the clouds  
And their design

For every fairytale untrue  
And all the hearts yet to be broken  
For every bird that never flew  
Well it's a wonder we keep going  
Without you

The sky still wakes up every morning  
And sometimes feels the need to pour out  
Everything it's tired of holding  
But either way  
It never comes down  
It's gonna stay  
And find a way around the clouds

There was a bird who never flew  
But she still kept all of her feathers  
So she could pluck 'em out for you  
And you could wear them in your hair and  
She'd be with you
