

# Watch Me While I Bloom

Hayley Williams

How lucky I feel  
To be in my body again  
How lovely I feel  
Not to have to pretend  
Shocking to feel  
A positive charge  
Innocuous thrill  
Big invisible spark (Hmm)

You wanna look inside of me?  
And just watch me bloom  
You only got one side of me  
Here's something new, I  
I'm alive in spite of me  
And I'm on my move  
So come and look inside of me  
Watch me while I bloom  
I wanna look inside of me  
And just watch me bloom  
You only got one side of me  
Here's something new, I  
I'm alive in spite of me  
And I'm on my move  
So come and look inside of me  
Watch me while I bloom, I

If you feel like you're never gonna reach the sky  
Till you pull up your roots, leave your dirt behind  
Baby you got a lot of shit to learn

You wanna look inside of me?  
And just watch me bloom  
You only got one side of me  
Here's something new, I  
I'm alive in spite of me  
And I'm on my move  
So come and look inside of me  
Watch me while I bloom  
I wanna look inside of me  
And just watch me bloom  
You only got one side of me  
Here's something new, I  
I'm alive in spite of me  
And I'm on my move  
So come and look inside of me  
Watch me while I bloom, I

If you feel like you're never gonna reach the sky  
Till you pull up your roots, leave your dirt behind  
Ooh, got a lot to learn  
Got a lot, got a lot, got a lot  
You got a lot to learn  
Got a lot, got a lot, got a lot

You wanna look inside of me?  
And just watch me bloom  
You only got one side of me

Here's something new, I  
I'm alive in spite of me  
And I'm on my move  
So come and look inside of me  
Watch me while I bloom  
Wanna look inside of me  
And just watch me bloom  
You only got one side of me  
Here's something new, I  
I'm alive in spite of me  
And I'm on my move  
So come and look inside of me  
Watch me while I bloom, yeah  
You wanna look inside of me?  
Watch me while I bloom, yeah  
You only got one side of me  
Watch me while I bloom, yeah  
I'm alive in spite of me  
Watch me while I bloom, yeah  
So come and look inside of me
