

# Watching me

hazydecay

As You speak  
Soap and sleak  
Grabbing a word  
Blistered lips  
Blood eclipse  
Just a simple dying

Fortified  
In Your shell  
It's like in hell  
You've had Your time  
Now it's mine  
A different hero's coming

Sacrifice - knocking inside of me  
I ain't gotta be a philosopher  
To see I'm drowned in thee

You're watching me now  
Pushing my lips to say goodbye  
To say Goodbye!  
You're watching me now  
Switching Your lover

Stolen heart  
Half of life  
Silence is cut  
Broken fate  
Stolen life  
Everyday has melted

Tried so hard  
Half of life  
Fortune of mine  
Take my life  
Now it's mine  
A different hero's coming

Sacrifice - knocking inside of me  
I ain't gotta be a philosopher  
To see I'm drowned in thee

You're watching me now  
Pushing my lips to say goodbye  
To say Goodbye!  
You're watching me now  
Switching Your lover  
Without a cry

And You're pushing me!

You're watching me now  
Pushing my lips to say goodbye  
To say Goodbye!  
You're watching me now  
Switching Your lover  
Without a cry
