

Loneliness finds me in the mountains....my mind is freezing the
snow is all around me
What I'm looking for...and where I should be...I'm stealing rain
drops from no man's land inside me

I never get these grants...I never kill myself...I'm always glad o
f these emotions in my head

Ref:

I need to look inside....I'm just a no one yeaah
I need to look insde....I'm just a no one no!

What I'm looking for...and where I should be...I'm stealing rain
drops from no man's land inside me

I never get these grants...I never kill myself...I'm always glad o
f these emotions in my head

Ref:

I need to look inside....I'm just a no one yeaah
I nedd to look insed....I'm just a no one no!

Break my thoughts and just slip away....lead my rates into space
Break my thoughts and just slip away....lead my rates into space
