

# White Bat

He Is Legend

I'm the reason this got started  
Devil's work dearly departed  
You'll never catch me in the light  
I'm why you lock your doors at night  
Call me evil, call me Satan  
I'm in the shadow salivating  
Just close your eyes and count to ten  
Play nice, you'll never see me again

One last time  
Would you open the door  
Step into the light  
And show us your face  
One last time  
Would you open the door  
Step into the light

You'll be silent forever  
Always clutching your heart  
You'll be silent forever  
I'll be gone, gone in the dark

Everyone knows the situation  
You never go to a second location  
Somebody should have warned you  
Now through clenched teeth and sullied pride  
I'll ask you nicely get inside  
Don't make a sound, don't see my face  
Hell is only a mile away

One last time  
Would you open the door  
Step into the light  
And show us your face  
One last time  
Would you open the door  
Step into the light

You'll be silent forever  
Always clutching your heart  
You'll be silent forever  
I'll be gone, gone in the dark

When my work is done  
And they give me a name  
I'll step in the light  
And show my face

They call me white bat  
I kinda like that  
They call me white bat  
Next time I breathe  
They call me (white bat)  
I am the white bat  
Never forget that  
I am the white bat  
Never forget
