

Broken Records

He Is We

Caught myself
Screaming your name in my sleep again
Throat is tight
Inhale but I'm not breathing

Running in circles my head isn't resting
My heart is beating right through my chest and
Every night when I should be sleeping
I hear I hear

Broken records
Playing our old favorite song
Over and over
It hurts me but I sing along

I will always love
I will always love you

I will always love
I will always love you

Broken records
It hurts me but I sing along
I sing along

Lay awake
Bloodshot eyes and I'm thinking
I can't fake
Being okay when I'm sinking

Running in circles my head isn't resting
My heart is beating right through my chest and
Every night when I should be sleeping

I hear I hear

Broken records
Playing our old favorite song
Over and over
It hurts me but I sing along

I will always love
I will always love you

I will always love
I will always love you

Broken records
It hurts me but I sing along
I sing along
I sing along

I will always love
I will always love you
I will always love
I will always love you

I will always love you love you
I will always love you love you

Broken records
Playing our old favorite song
Over and over
It hurts me but I sing along

I sing along
I sing along
I sing along

Broken records
It hurts me but I sing along
I sing along
