

Finish Line

He Is We

I
Never saw the silver
Lining in the distance
No
But I
Had a bit of hope in
Spite of my surroundings
To keep on going

Even if I have to drag my body
I'll keep my eyes to the sky

Oh
I I I I
I will crawl to find the light
Oh I I I I
Will die before I quit the fight
Even if my bones are broken
Heart is faintly beating choking
I I I I
I will cross the finish line

I'm
Barely holding here
Looking like I'll let go
Like my hands are failing
I
I won't be falling
In spite of my surroundings
Need to keep on holding

Even if I have to drag my body
I'll keep my eyes to the sky

Oh
I I I I
I will crawl to find the light
Oh I I I I
Will die before I quit the fight
Even if my bones are broken
Heart is faintly beating choking
I I I I
I will cross the finish line

Oh
I I I I
I will crawl to find the light
Oh I I I I
Will die before I quit the fight
Even if my bones are broken
Heart is faintly beating choking
I I I I
I will cross the finish line
