

Treehouse

He Is We

Take me back to the days when we all
Believed in magic
If we needed to get away we'd
Just close our eyes and imagine

Ooh ooh ooh
Life was so wonderful
Ooh ooh ooh
We were so pure

Love me, hold me, tell me a story
Lie beside me until the morning
Can we go back somehow
I know it might sound a bit crazy
Hoping maybe just for the day that we
Can find a way out

Can we
Just meet
At our treehouse
Ooh ooh
Can we
Just meet
At our treehouse

So it seems that we've grown up with
All the pain and the madness
Shooting stars are harder to find now
That we don't wish

Ooh ooh ooh
Life was so wonderful
Ooh ooh ooh
We were so pure

Love me, hold me, tell me a story
Lie beside me until the morning
Can we go back somehow
I know it might sound a bit crazy
Hoping maybe just for the day that we
Can find a way out

Can we
Just meet
At our treehouse
Ooh ooh
Can we
Just meet
At our treehouse

Oh
The more we seem to know
All the troubled thoughts guess we forgot
The art of letting go
So
Just take me to the home
Where we carved our names into the tree

That slowly helped us grow

Love me, hold me, tell me a story
Lie beside me until the morning
Can we go back somehow
I know it might sound a bit crazy
Hoping maybe just for the day that we
Can find a way out

Can we
Just meet
At our treehouse
Ooh ooh
Can we
Just meet
At our treehouse
Ooh ooh
Can we
Just meet
At our treehouse
