

Adonai

Head

Understand
It's for the sake
Of every man
That I must take
This whole world back
To make things right
I will attack
I came to fight

I will rise a generation up to be my soldiers I will tie my heart to yours put my head on your shoulders

Chorus

Make your escape from life with Adonai Everything in life depends on Adonai

Understand
It's for the sake
Of every man
That I must take
This whole world back
To make things right
I will attack
I came to fight

Natural disasters will keep coming but don't worry
My people don't live in fear of death that's how you should be

Chorus

Make your escape from life with Adonai Everything in life depends on Adonai
Lift all your worries up to Adonai
You will all stop hurting come to Adonai

Leave me alone now
I'm not from here
My home's in Heaven
Leave me alone

Rise Rise - Rise up Adonai
Rise - Rise - Rise up Adonai
Rise - Rise - Rise up Adonai
Rise - Rise - Rise up Adonai

Let your worries rest on Adonai -
Life is just a test from Adonai -

Make your escape from life with Adonai - Everything in life depends on Adonai - Lift all your worries up to Adonai - You will all stop hurting come to Adonai -

Understand
It's for the sake
Of every man
That I must take
This whole world back

To make things right
I will attack
I came to fight (X8)
