

Amen

Headhunterz

Here we stand together
In the darkest of night
And pray

Amen

To the church of the night

Amen
Here we stand together
In the darkest of night
And we pray
To the gods of music
To the church of the night
We bow our heads and say
To those that worship
To this religion of sound
This is how we pray

We raise our hands
And pray

Amen

We raise our hands

In doubt of nothing
Sparked a light
That raised our spirits to the sky
Here we stand together
In the darkest of night
And pray

Amen

We raise our hands

To the church of the night
