

# Back in the Days

Headhunterz

Bass

Do you remember  
Way back in the days  
The first time you felt it  
Running through your veins

The first hard record  
You heard being played  
Your very first dance  
On a reversed bass

The years went by  
And you start to realise  
They're just echoes of the past  
And the time really flies

And you wish  
You could put your life on rewind  
But you know  
That you have to leave the past behind

It's time to take a trip down memory lane  
Close your eyes  
And relive the age of the reversed bass

Bass

Reversed bass

Take it back to where we started

It's time to take a trip down memory lane  
Close your eyes  
And relive the age of the reversed bass

Reversed bass

Bass

Reversed bass

It's time to open up a new chapter  
And leave the past behind

Reflections of your memory  
Reversed bass
