Headhunterz

Sisters, brothers, carry each other
We'll be coming home again

We'll be coming home again
We're coming home

Battlefield, original tribe, we're coming home

Echoes from the battlefield, fading from our heads

Sisters, brothers, carry each other
We'll be home again

United as a family
We can make a stand

Sisters, brothers, carry each other
We'll be coming home again

Built for the night
Born to the throne
Battlefield, original tribe, we're coming home
