## The MF Point Of Perfection

## Headhunterz

Style evolves until it has reached the point of perfection

The evolutionary concept of our style

Style evolves until it has reached the point of perfection Then it evolves no more and faces possible extinction Unless its genes are passed on to the offspring Once accepted by the collective We are on the verge of a new era The question is.

Have we already reached the mother  $f^*$  king point of perfection?

The evolutionary concept of our style

The question is.

Have we already reached the motherf\*\*king point of perfection?
