

I left my yard filled with fifties  
Didn't remember my bank card  
I really wish bro was with me  
He got a eight on his back like Lampard (Free up)  
That can't be a opp tryna diss me  
He was in the interview room singing ballads  
He ain't on a damn thing, he's a wallad  
Like, how you don't you feel embarrassed?  
Bad b lookin' all Nicki Minaj  
Plus I got a spaceship in my garage  
My young boy went over there bun sittin  
He need a sauna and a massage  
You know me, I kick back and manage (Manage)  
Sent them there moving rash in the Ford that day  
I was feeling like Van Gaal (Suh suh s-s-suh)

It's a struggle to talk 'bout drills when they all factual  
I could get nicked and end up cancelled (End up cancelled)  
So I'd rather go uptown and spray a little Dior Sauvage (Turn)

They fucked with the buj, but loved the white more, like Nigel Farage (One)

What you mean, they won't take cash in Van Cleef?  
I nearly had to boycott Harrods (Come on)  
The hood's too hot, it's a first-class flight to Accra (Turn, turn, turn)  
Uh, why they wanna put boiled eggs in my salad? (Oh)

It's a struggle to talk about progress  
'Cause I don't want no flowers  
All I ever wanted was roses  
I gave them a debut album  
It's mad how the time's flown since Covid  
I'm alive and free and everything more is a bonus (One)  
They wanna compare me to jokers (One)  
Everybody wanna be a trending rapper  
Try be a longevity rapper  
Niggas gettin' it good tryna be in the streets  
They're just gettin' it backwards (Turn)  
Anyway, back to the matter

I might drop a joint tape with shhh  
The fans calling for 'Martin's Sofa'  
It might be the first single from my second
