Badness

Headie One

Drillers and Trappers
Trappers and Drillers
Link up for me on this one
Yo JM Val, we have to make sure I sound nice
They need to hear me
You gotta tell 'em my level so they hear the motto
Cause this summer... it's drill or be drilled
It's every man for themselves
Wag1?

Where's their waps?
It's like this hoe just won an award, from the way that this bitch so clappe
d
I might blank that hoe, cause I'm about to ride with the MizOrMac
Upsuh for a month, where the kits want kit for kat
No licence
Fuck driving that bitch around, I rather make my line do mileage
Like Samurai Jack go mains, Samurai Jack go find em
Like niggas don't wan beef the gang, niggas know the gang too violent, nigga
s know that the gang too violent
Free B he's on savage shit, he make a nigga do the mannequin
I treat your girl like a footy team and like Mourinho man a manage it
Upsuh on some trapping shit, upsuh on some lavish shit
I need a gyal from overseas so when I fuck her out on some Spanish shit
Could've give dem boy some shells for the...
But I rather give him slugs
And that bitch ain't really your girl, she ain't your bestfriend like fuck
They ain't riding on me, niggas ain't riding on us
It's like old schools whacking up opps, whacking these guys on the bus

We do the road with things on us, intending to cause man damage
Manna savages darg we don't panic
Man step through best, mind how ya move, mind how ya talk
You don't wanna see by slap it
Shut your mouth you're not active
You think twice before slapping, you ain't really 'bout badness
We do the road with things on us, intending to cause man damage
Manna savages darg we don't panic
Man step through best, mind how ya move, mind how ya talk
You don't wanna see by slap it
Shut your mouth you're not active
You think twice before slapping, you ain't really 'bout badness

You niggas just bad with your mates, more time when I ride, I'm on my own
Leave a hoe strip taped, same colour as the flag from Monaco
Cah when I buss this lead, I'm a touch his head
If not it's chest, neck, face or collarbone
Ring-ring trap when I'm on the road
Got light and dark for a shotting crow
Just picked up some food
Now I got a box and a ped like I work in Dominoes
But there's no pizza, 24/7 like Nisa
I know them niggas don't like me
But it's cool I don't like them either
Let off shots with finesse, like I press L1 on FIFA
Gunsmoke looking like shisha
Or you get dipped like you ain't got a Visa

Bad b come to the niz, she feels my aura like Rita
Tell her come offer some briz, don't bother try act like a diva
Pengtings all wanna cuff me, feeling like Met police
Just phoned up Tuggzy, like come we invest in heat
15 clip that's lovely, still I want extra sweets
Condolescene card for your mumzy
All the opps gotta rest in peace

We do the road with things on us, intending to cause man damage
Manna savages darg we don't panic
Man step through best, mind how ya move, mind how ya talk
You don't wanna see by slap it
Shut your mouth you're not active
You think twice before slapping, you ain't really 'bout badness
We do the road with things on us, intending to cause man damage
Manna savages darg we don't panic
Man step through best, mind how ya move, mind how ya talk
You don't wanna see by slap it
Shut your mouth you're not active
You think twice before slapping, you ain't really 'bout badness

Before I ever knew 'bout winning
All I knew was to take an L
Opps don't wanna sleep on a vio
But they're gonna have to take that L
Have I really been 8 jails?
That mop and bucket, I really hate that smell
My young boy sitting down cause he hit a jake and he hate that cell
All now they ain't letting him home
They'll have to do me the same as well
Cah I smashed that AM and the food case as well
Feels like that first time in my life that I ain't threatened by the cage or bell
But I still gotta take these risks
Sawn off and Aisha bells
Bad b come to the niz for the d, I told bae I hate that girl
I get enough stress from the bando, I could never chase that girl
Pigs have a terrible time tryna make me tell
That's why they tryna do man dirty, like Johnny Dillinger
Doing road in my trackie and sliders, not Tommy Hilfiger
My life already like a movie, I ain't even gotta go cinema
(My life already like a movie, I ain't even gotta go cinema)
