

Cold

Headie One

Yo

Teach, teach

Teach, teach, teach, teach

Turn, turn

Teach me, teach me

Yo

They say that faith can move mountain (One)

Now my neck water fountain (One)

One-hundreds on a outin' (One)

Now I'm dodgin' my accountant (One)

Middle finger to the council (One)

Why they didn't do rehousin'? (One)

Fell back and forth to trial, and

How much days will I be countin'? (One)

It really coulda been a murder

Imagine me, allow them

I used to wanna play footy, I used to pray that I get scouted (Told me turn, ayy)

Daydreamin' in the pub, there's nothin' else to do out 'ere (Told me turn)

Because the youth clubs' closin' and the youth offender's crowded (Turn, turn, turn, turn, turn)

Three one pound coins, they jingle in my school trousers (Told me turn, ayy)

The teachers used to doubt us, now they tell the youth about us (Teach me)

They didn't make me chase my dreams, they nearly turned me coward (They told me turn, ayy)

They ain't teach me to survive, I had to learn, it took me hours (Turn, turn, turn, turn, told me turn)

Hung jury, no retrial and they blame the underpowers (Suh)

Psalm 35 it's a blessing I stay showered (Suh, suh, suh-suh-suh-suh)

I've had both fake and some real niggas around me (One)

The pagans wanna out me

On my head, they put a bounty (Ah, ah)

I grew up on a council flat, pouch and a bucket hat (Told me turn)

I still ain't come to terms that my nigga Josh ain't comin' back (They told me turn)

I used to love the trap like it would love me back (One)

I couldn't wait for the days to say, "I'm done with that" (Ah, ah)

I come up from the Zeno (Suh)

We in a drought but still my wrist cost me couple kilos (Suh-suh-suh-suh)

All I did was keep it real (Suh-suh-suh-suh)

I was out tryna drill the same day I signed a deal (Turn, turn, turn, turn, turn, turn, turn)

Now to have a conversation, that's a mil' (Turn, turn, turn, turn, turn, turn)

Lately, I just feel a way

I'ma make these niggas feel my pain, yeah

'Cause it's the fall

When my heart get cold, who can I call?

Heart so cold, heart so cold

Yo

I'm tellin' them, "The sky and above" when they ask me, "What's next?" (One)

Cah every step is progress when you come from the trench (One)

And as I walk through the shadow of death (Suh)

Tell me how these niggas cursin' me and praisin' me all in one breath (Suh,

suh, suh, suh, suh-suh-suh-suh)
The system didn't break me down, no, that shit gave me strength (No)
Alone I done like sweatbox, the phone cut through Inverness (Turn)
Life has so much of a mess, I never knew it's a mess (They told me turn, ayy
)
And I've been tested so much (Turn), I never knew it's a test (They told me
turn, ayy)
Lately, I just feel a way (They told me turn, ayy)
Quarter million jewellery still don't stop a nigga feelin' pain (One)
We done therapy that day and I still feel the same (One)
If you doin' therapy today, I'll still feel the same

I come up from the Zeno (Suh)
We in a drought but still my wrist cost me couple kilos (Suh-suh-suh-suh)
All I did was keep it real (Suh-suh-suh-suh)
I was out tryna drill the same day I signed a deal (Turn, turn, turn, turn,
turn, turn, turn)
Now to have a conversation, that's a mil' (Turn, turn, turn, turn, turn)

Lately, I just feel a way
I'ma make these niggas feel my pain, yeah
'Cause it's the fall
When my heart get cold, who can I call?
Heart so cold, heart so cold

Where was you at
When I was tryna chase that money, tryna get that sack?
And niggas tryna be my friends and hit me up with daps?
Because they see me tourin' and gettin' it on the map, yeah
Hoes know, bros know
I don't fuck with that and that's the G code
And I'm the hottest in the city and the streets know
And I do this for my team and my people
And they askin', "What the fee is?"
I charge about thirty racks just to sing, bitch
Yo, I can't believe this
I got the honeys at my shows, showin' cleavage
Damn, wish you could see this
Now my haters buyin' tickets and they streamin'
While I'm relaxin' at the spa
Tread lightly 'cause you know that I'm a star
Star, star, star

So cold, so cold
So cold, so cold
So cold, so cold
So cold, so cold
