

One Leanin

Headie One

Got tools on the block, you ain't gotta go Wickes
If it put 6 in the spins, I just might have to bang up at 6
That 4 was again I'm trapped
Jailhouse working on traps, I'm back, touched road and bagged that trap
I do it all for the funds
I'm leanin', I'm leanin'
I always knew I'm the one
I'm leanin', I'm leanin'
Lean out the ride when that 4 gets spun, guarantee I will leave man leaning
I ain't gotta sip on no rum
I'm leanin', I'm leanin'

Still gotta get busy on the dry that's even when they rise the prices
Bag this quality in sizes, all of these hours in the T-house dicing
Can't even control my eyelids
24/7 that's 365 shit, Lord knows my lifestyle's tiring
I tell all these hoes, try get you a man that does both, that's one that's d
oing up violence
Catch me and bro doing 90 on the M, through all of these 3rd exits that's mi
leage
Invest this bread into skengs, when there's beef on the streets man's firing
I ain't tryna stop crashing corn, that's until I hear those sirens
The mandem got the same mindset
That's why I can just green light it, like I just put my Instagram on privat
e
No violation ain't sliding
I'll bet you my cunch spot
I'll still try do man dirty, with a tenner in my pocket and a 1 pop

Got tools on the block, you ain't gotta go Wickes
If it put 6 in the spins, I just might have to bang up at 6
That 4 was again I'm trapped

I'm leanin', I'm leanin'
Lean out the ride when that 4 gets spun, guarantee I will leave man leaning
I ain't gotta sip on no rum
I'm leanin', I'm leanin'

I do this ting live in the streets, but I gotta go harder
Bae wants a cheeky night in, after a meal and a Pina Colada
She know what I do with my crack phone
I'm jimmin', I'm jimmin'
She know what I do with my Rambo
I'm twinnin', I'm twinnin'
I gotta deal with these opps like they're nachos
And dip em', and dip em'
Beat this case and I'm thankful
Good riddance, good riddance
That's why they think I do juju, that's why they think I'm a loosescREW
Country spots I got a few, on the opp block I don't care who's who
I'm fishing, I'm fishing
Bad b pissed cos I ain't been replying, but I can't mix pleasure with busine
ss
Only last year I was Thameside livin', now I'm livin'

OFB, OFB, OFB

Got tools on the block, you ain't gotta go Wickes
