

Rapunzel

Headie One

(Tuned up)
(Yo, Eight8)

You just wanna kiss and cuddle
You want a gangster to tell you they love you
Ask how I feel and I say, "I feel nothin'"
Tryna turn all these thoughts into words is a struggle, so I'ma start off subtle
I know you want a reason 'bout one's and two's, but I gotta make sure I can trust you
You got a soft side, but you can be tough too
Is it real love or do you feel lustful?
Are you the missin' piece to the puzzle?
I knew the day that I fuck you, I'ma end up in trouble
Got me pullin' on all these bundles, treat the shorty like she Rapunzel
I don't need you but I do want you

The Lord knows I'll breed you if I do touch you
And I can't free you if I do cuff you
Yo, I know you want somethin' legal, want your ring ombre
Want somethin' serious, run a proposal
Southsides and sea views make you emotional
My face too bait, so I can't eat local
Date night across the Pacific Ocean
Five-course meal, we got different options
Why pretty bitches always want to eat lobster?
All these posters turn us to pornstars
Speedboat to different islands, we inspire them, true, we livin' like rockstars
From the block to HMP
It really was Tottenham to Hotspurs
Antigua swarmin' with stingrays, feels way better than pigs and cop cars
The streets gonna miss me, absence makes the heart grow fonder
It's just me and you, so buckle up, we got the whole world to conquer

You just wanna kiss and cuddle
You want a gangster to tell you they love you
Ask how I feel and I say, "I feel nothin'"
Tryna turn all these thoughts into words is a struggle, so I'ma start off subtle
I know you want a reason 'bout one's and two's, but I gotta make sure I can trust you
You got a soft side, but you can be tough too
Is it real love or do you feel lustful?
Are you the missin' piece to the puzzle?
I knew the day that I fuck you, I'ma end up in trouble
Got me pullin' on all these bundles, treat the shorty like she Rapunzel
I don't need you, but I want you (Oh)

Countin' all the nights I gave, so poor
Not keepin' score, just can't ignore
Oh yah take me for eediat, and my kindness, not weakness
I hate the way you promised in the plans and you cancel on the night out
I wouldn't be havin' that if it was any other guy
And it's not only me who deserves their self a life
But you just love the streets and the two just don't combine
And my best friends said I'm makin' a sacrifice

These years are my best years, I can't waste my time
I still see a future in us
One way you live, not survive (I-)

You just wanna kiss and cuddle (I do)
You want a gangster to tell you they love you
Ask how I feel and I say, "I feel nothin'" (How do you feel?)
Tryna turn all these thoughts into words is a struggle, so I'ma start off su
bble (Oh)
I know you want a reason 'bout one's and two's, but I gotta make sure I can

You got a soft side, but you can be tough too
Is it real love or do you feel lustful?
Are you the missin' piece to the puzzle?
