

# The One Two

Headie One

ShadowOnTheBeat

I was all alone in my cell coming to the end of my third year of basic  
I had a one spliff of hash  
Ayy, imagine a nigga don't even smoke  
I'm back at my tizz today, slapping her hair and lining the radio  
They said, "don't expect no love when I'm back"  
I just laugh cah they already done told me I'm the one

They told me I'm the one  
I'm back [?]  
How I want a Aston Martin  
All the gang love Rémy Martins  
They told me I'm the one  
I'm back [?]  
How I want a Aston Martin  
All the gang love Rémy Martins

How you turn your back on the kid? That was expected from you  
That's why I was ready for you  
All now you didn't know what they told me to do  
I'm playing ball now, still I try keep it respective with you  
Don't let me take that from you  
It won't be pleasant for me or be pleasant for you  
[?] finesse from me, no lose, I'm protected from you  
She thought she fell in love but she's confused, she fell in love with the crew  
Didn't they know I'm the one, two

I'm playing ball now, I'm playing one-twos  
I gave you all year round me playing one-twos  
They think I do ooh but trust me, I've never see uncle  
Can't play fair, I play it fast, still playing one-twos  
I'm playing ball now, I'm playing one-twos  
I gave you all year round, still playing one-twos  
They think I do ooh but trust me, I've never see uncle  
Can't play fair, I play it fast, still playing one-twos

We don't die young  
But she dies a hero, maybe unsung  
Rolling everyday with the skeng, the soon after, my crib got spun  
Anywhere, tell it weren't Jay, run off, I see a whole one  
Still it got chopped, Jackie Chan  
I was in the can, counting days until I reached two and one  
That nigga that you saw no face in the twos, it was one  
That twenty three hour will turn you to a savage like 21  
I made a bag every day, so guess what, I just blew me one

I'm playing ball now, I'm playing one-twos  
I gave you all year round me playing one-twos  
They think I do ooh but trust me, I've never see uncle  
Can't play fair, I play it fast, still playing one-twos  
I'm playing ball now, I'm playing one-twos  
I gave you all year round, still playing one-twos  
They think I do ooh but trust me, I've never see uncle  
Can't play fair, I play it fast, still playing one-twos

Can't play fair, I play fast, still playing one-twos

Can't play fair, I play fast, still playing one-twos
