This Week

Headie One

Run through five
One
Country lines
Counting this money, it's the end of the week
I'm on a generous streak
Run through five
They told me turn
I'm a-live
That's what I expected this week
Counting this money, it's the end of the week

Ran through five (One)
Not what I expected this week
I'm a-live (One)
That's what I expected this week
Country lines (One)
Counting this money, it's the end of the week
Most the time
I'm on a generous streak
Could've bought a sawn off one
The amount that I spend on a tee (They told me turn)
Feds still ask questions, it's peak
And it ain't my intention to speak
All of these bad B's come to the niz
They all want attention from me
All of these plugs
They all want the connections to me

I put in work for the things I got
I didn't get it for free (One)
Shoppin' uptown
Bro spent a change on congestion this week
18K and VVS on my teeth (Bling)
Summer time
Make sure you don't go blind when you look at the end of my sleeve (One)
Still do this live in the T
Play fiends mad rud' every week
Still live in the beef
They try do it online like Drake and like Meek
I guess niggas ain't learn the code yet
Gang done all these jobs that ain't solved yet
Only God knows who's the culprit

Cut my phone
Coulda' done selfridges but my niggas in jail needed canteen
Needed a new duffle
But I gotta spend bags on a new machine
And that's lil bro
With a wap same size as him
On the high street put that p*ssy in my backseat
Skeet, girl I'm tryna make that p*ssy look like me
All brown and watered down
Girl could you not do drip like this?
Tricks up this sleeve
Both of my wrists got golden trees
It's WG, big clout
Headie one, OFB
