

Try Me

Headie One

Yo (One)

Still step in my white tee, roof down
Uptown, it ain't hard to find me (S-S-S-Suh)
Me and this money come siamese
Now this bad B gotta talk to me nicely (My name)
Ting set good, angles, IG (Chale)
Cartier shades, course they fit nicely
Bangle to match, icy, icy (Turn, turn, turn)
K on the gang, must be Kendall, Kylie (Told me turn, uh)
Gang don't sleep on an L
Just gonna get back then jeet down your gyal (S-S-S-Suh)
Bro got his hands on the wheel (Suh, suh, suh, s-s-s-suh)
Hopped out, team work get the dream work as well
Ballies on Facetime, speakin' to Vel
Wouldn't think he's in jail cah he livin' so nicely (Turn)
Is that another name? Another sound
Just feelin' like DeJ Loaf, try me, try me (Turn, turn, turn)

Sun's out, guns out
Bare chest in the Rolls Royce, park up and I jump out
Rich nigga, used to bag food at my mum's house
Heard that boy dissed me, now that boy rubbed out (Ha)
Can't test a man's gangster
Reach for my chain, don't cry when your face get tump out (Smoke)
My young G love testin' that smoke in the park
Somebody gettin' dropped if he comes out (Greaze)
And they know that all hell break loose for my name
Don't know why they're so disrespectful (Huh?)
They got skengs in the palm, man, they comin' like Swarmz
Yeah, my drillers love crashin' the rental (Smoke, smoke, smoke, bow, bow, bow)
We can do it in the hood, do it on the high road
We could even do it in central (Smoke, grease)
Man are backin' out phones 'til I chase them down
Can't release the footage, it's mental
Pump up, tone up, weights in the gym
Corn still gonna tear right through the skin
No Snapchat when my G's ridin' (Ride)
Just crush them, put them in a Kingsize Slim (Greaze)
Me and Headie got a show
Stepped in the buildin' and got a big fat wage (Wage, wage)
Remember I weren't eatin' for days
Now money comin' in like your girl backstage (Yo, One)

Still step in my white tee, roof down
Uptown, it ain't hard to find me (S-S-S-Suh)
Me and this money come siamese
Now this bad B gotta talk to me nicely (My name)
Ting set good, angles, IG (Chale)
Cartier shades, course they fit nicely
Bangle to match, icy, icy (Turn, turn, turn)
K on the gang, must be Kendall, Kylie (Told me turn, uh)
Gang don't sleep on an L
Just gonna get back then jeet down your gyal (S-S-S-Suh)
Bro got his hands on the war (Suh, suh, suh, s-s-s-suh)
Hopped out, team work get the dream work as well

Ballies on Facetime, speakin' to Vel
Wouldn't think he's in jail cah he livin' so nicely (Turn)
Is that another name? Another sound
Just feelin' like DeJ Loaf, try me, try me (Turn, turn, turn)

Treat the wing like a hotelly
Hate when the govs try and bring me a celly (Turn, turn)
Somebody knockin' down the wall, it's Freddy
Sayin', "Check Channel 20 'cause your face on the telly" (Turn, turn, turn, told me turn, uh)
Touch road, Headie jumped straight in a helli
'Least this time I didn't pay for petty (Told me turn)
Headie One got a big head already
Why girls still wanna give Headie One headie? (Turn, turn, turn)
'Course I can't wife this jizzy
Run through her then forget it like the year 2020 (S-S-S-Suh)
Nobody never ever gave me a penny
All this drip, I might hit my wardrobe wearin' wellies (S-S-Suh)
Might shutdown the stage with Skeppy (One)
Do it how we did it already (One)
Everywhere we go, it's shelly
Still step, baggy white tee like Nelly (Turn)
Man put their hand on my chain (Turn)
Then there's gonna be a permanent change (Told me turn, uh)
Can't never see me goin' broke again
This change in my denims is a permanent change (Turn, told me turn)
Lucky that a opp boy didn't get Headie (Turn)
Train my young boys young, it's an earlier aim (Turn, turn, turn, turn)
They'll put you on the news, that's an earlier thing
Don't end up in an earlier grave (Yo, One)

Still step in my white tee, roof down
Uptown, it ain't hard to find me (S-S-S-Suh)
Me and this money come siamese
Now this bad B gotta talk to me nicely (My name)
Ting set good, angles, IG (Chale)
Cartier shades, course they fit nicely
Bangle to match, icy, icy (Turn, turn, turn)
K on the gang, must be Kendall, Kylie (Told me turn, uh)
