

# Everything Or Nothing At All

## Headstones

They say you can't win it  
That you're never ahead  
They say it so sweetly  
Must think my feelings are dead  
There's no way to kill it  
When you're blinded by fear  
Too soon to tell if  
It all disappears

I try not to listen  
But sometimes it hits home  
I got a nagging suspicion  
I guess I'll go it alone  
Maybe I'll waver  
Just a second of doubt  
And just keep my head down  
Until I figure it out

Everyday just finds a way to kinda lose it all  
There's no way I'll ever change just trying to break that fall  
Seems like it's everything or nothing at all  
Nothing at all  
Nothing at all  
Nothing at all

When the seconds are fragile  
And your mind it is doomed  
Lost in the minutiae  
Where anxiety's fueled  
And there's no way to shake it  
Well you're blinded by fear  
It's too soon to tell if  
We'll all disappear

Everyday just finds a way to kinda lose it all  
There's no way I'll ever change just trying to break that fall  
Seems like it's everything or nothing at all  
Nothing at all  
Nothing at all  
Nothing at all

I try not to listen  
But sometimes it hits home  
I got a nagging suspicion  
I guess I'll go it alone  
Maybe I'll waver  
Just a second of doubt  
And just keep my head down  
Until I figure it out

Everyday just finds a way to kinda burn it all  
Above those flames just out of range is when my mind stalls  
Seems like it's everything or nothing at all  
Nothing at all  
Nothing at all  
Nothing at all  
Seems like it's everything or nothing at all
