

# Pilot Light

Headstones

Careful now we're so close to the end  
Can't remember half the things that we said  
It's gone longer than the runway's pavement  
Can't course correct it now cause I can't take it back  
Take it back

I've gone longer than the runway's pavement  
Can't course correct it now cause I can't take it back  
Take it back

Cheap flight and a one way ticket  
Relight the pilot light  
Maybe I'll get outta this tonight  
Cheap flight and a one way ticket  
Relight the pilot light  
Maybe I'll get outta this tonight

Stare it down, nothing more I can do  
I'll blow it up or I'll see it through  
Going longer than the runway's pavement  
Can't course correct it now cause I can't take it back  
Take it back

Airport lounge, ignore every text  
Hear my name paged on the public address  
It's gone longer than the runway's pavement  
Can't course correct it now cause I can't take it back  
Take it back
