

## Boring

Heart Attack Man

I feel like I'm not sad enough  
I'm not ironically detached enough  
To fit your narrative, it is imperative  
That I pretend to be self-loathing  
So boring  
Give you the flavor of the week  
Dressed up like something else that's more unique  
Self-deprecation is the key  
Just pray that no one sees that underneath  
You're so boring  
So boring
