

# Clown School

## Heart Attack Man

Look who finally decided  
To show up, to grow up and get over it  
You made it past every level of security  
The sharpshooters and Dobermans

I never thought I'd live to see the day  
Saw the light and you realized it wasn't worth dying for  
The pile you were on wasn't high enough  
You still recognized the lowlifes and eyesores

Everybody's crying and dying from laughter  
They're rolling on the floor  
You got jokes for days like it's the first of the month  
And you're everybody's landlord

Haha haha haha  
Piss myself from laughing  
At the jokes you're cracking  
Haha haha haha  
Push it to the limit  
Got the gang in stitches  
Life's a joke and death's the punchline  
Gotta laugh at it sometimes  
Haha haha  
I'm so happy, and I'm so proud of you  
For graduating clown school

I wish that I'd get back all the years that I wasted  
The brain cells that were suffocated  
Aired out the carbon monoxide for laughing gas  
And all the neighbors hate it but I don't care  
I can't stop laughing  
The dogs are running wild  
The watch towers are collapsing  
The lowlifes and eyesores  
Smile like they've never before  
They're so happy

Nice of you to join us  
Make yourself at home  
We'll show you all our inside jokes  
The new kid on the block  
Coming down from the clouds and the tightrope

Haha haha haha  
Piss myself from laughing  
At the jokes you're cracking  
Haha haha haha  
Push it to the limit  
Got the gang in stitches  
Life's a joke and death's the punchline  
Gotta laugh at it sometimes  
Haha haha  
I'm so happy, and I'm so proud of you  
For graduating clown school
