

One Good Reason

Heart Attack Man

Attempting conversation, swallowing my tongue
Another night of small-talking off my ears
Can you repeat the question?
I wasn't listening
Let's talk about religion, politics, and sex

Gimme one good reason why I shouldn't leave yet
Gimme one good reason
I don't wanna be here

I'm feeling claustrophobic, sweating through my shirt
How many stories up?
Would you break my fall?
Blocking off my exit
Is it gonna hurt if I didn't say goodbye?
Who's your ride home?

I'll see you there

Gimme one good reason why I shouldn't leave yet
Gimme one good reason
I don't wanna be here

Gimme one good reason why I shouldn't leave yet
Gimme one good reason
I don't wanna be here
