

## Stick Up

## Heart Attack Man

Everybody get down  
And no one gets hurt  
Everybody get down  
I got a gun inside my sweatshirt

Dog eat dog, this world's a nightmare  
I'm done trynna fight fair  
Everything's in front of me

Sitting right there  
Spent my whole life so complacent  
I'm done playing games and  
I'm running out of patience

Everybody get down  
And no one gets hurt  
Everybody get down  
I got a gun inside my sweatshirt

Everybody get down  
And no one gets hurt  
Everybody get down  
I got a gun inside my sweatshirt

Everyone is so indifferent  
It's like they're preconditioned  
They talk your fucking ear off  
But never listen  
Played it through my mind a hundred times  
Flashing right before my eyes  
You couldn't stop me if you tried

Everybody get down  
And no one gets hurt  
Everybody get down  
I got a gun inside my sweatshirt

Everybody get down  
And no one gets hurt  
Everybody get down  
I got a gun inside my sweatshirt

This is a stickup  
Put the money in the bag  
Put the money in the bag

This is a stickup  
Put the money in the bag  
Put the money in the bag

Put the money in the bag  
This is a stickup  
Put the money in the bag  
Put the money in the bag

Everybody get down  
And no one gets hurt

Everybody get down  
I got a gun inside my sweatshirt

Everybody get down  
And no one gets hurt  
Everybody get down  
I got a gun inside my sweatshirt
