

## Dust

### Heartless Bastards

Won't you come with me to the age of light  
Another door will open in the dawn  
I've been sleeping deep underneath the willow tree  
It's time to wake up, it's almost dawn

I realize I don't know anything at all  
Oh my world it was so very small  
And I'm just a tiny speck of dust amongst it all

Won't you come with me oh let's radiate  
There's no need to escape from the darkness  
Won't you come with me oh we'll light our own way  
There's no need to escape let's just be

I realize I don't know anything at all  
Oh my world it was so very small  
And I'm just a tiny speck of dust amongst it all

And I opened up and realized we are one  
We're all going down a path that is unknown  
We're all just flowing from the same old stream  
We're all just growing, oh  
Growing, growing, growing, oh  
Growing, growing, growing, oh
