(J) Sweet or spicy whichever, doesn't really matter  
We be the super sisters and ya'll just envy  
No doubt the one and only best of both worlds  
Second to none and ya'll just envy  
Take it to the next level  
Bury every sin with a shovel and ya'll just envy  
We got nuthin' to confess & nuthin' to hide  
Take pride in what we do  
There ain't nuthin you can do! Come on
