

## Blood to Be Let

Heathen

Open your veins and give to me  
Your vitality can set you free  
Feel the pain start your therapy  
Your sweet relief is found in agony

Can I cleanse your soul?  
And rid you of decay  
Can I make you whole?  
It's just a bloodbath away

Bleed for me  
Only good can come from suffering  
Bleed for me  
Only blood can give you everything  
Bleed

Bleed will flow when there's  
Blood to be let  
A splash of red will help you to forget  
Feel the drain set your mind at ease  
You'll find release and end your misery

Can I cleanse your soul?  
And rid you of decay  
Can I make you whole?  
It's just a bloodbath away

Bleed for me  
Only good can come from suffering  
Bleed for me  
Only blood can give you everything

Can I cleanse your soul?  
And rid you of decay  
Can I make you whole?  
It's just a bloodbath away

Bleed for me  
Only good can come from suffering  
Bleed for me  
Only blood can give you everything  
Bleed for me
