Take me home  
Send me on a ship  
My life leaves me  
Homesick  
Home  
I forget myself  
Home  
I can't let myself  
Let myself go  
Miss my baby bones  
I know the way they felt  
I've been aching  
For mother's milk  
Home  
I forget myself  
Home  
I can't let myself  
Let myself go  
And I wanna be only bereft  
And I wanna get smartest in my heart  
Somebody to cut what I can't chew  
Fill me up like it fills the room  
Got my big girl  
Body and shoes  
Sometimes lately  
Its hard to choose  
Home (can't let myself go)  
I forget myself  
Home (can't let myself go)  
I can't let myself go  
Home (can't let myself go)  
I forget myself  
Home (can't let myself go)  
I can't let myself  
let myself  
let myself  
let myself  
let myself go.
