

# Treehouse

Heather Nova

Afternoon, heavy scented  
Running golden  
Standing by as you invented  
My heart hovers

Tree house in the trees  
Don't take this from me  
I know the lesson coming:  
Let go, let go

Afternoon, sweet as honey  
I know I'm lucky when I see your face  
My sunlit boy  
Innocence still enjoyed

Tree house in the trees  
Don't take this from me  
I know the lesson coming:  
Let go, let go

When you love  
When you love  
Then you can't  
Keep your heart from breaking  
Holding on (Holding on)  
But I can't keep the tree from shaking

When you love  
When you love  
I just can't  
Keep my heart from breaking  
Holding on (Holding on)  
But I can't keep the tree from shaking

Tree house in the trees  
Don't take this from me  
I know the lesson coming:  
Let go, let go  
Let go
