All I Am

Heatwave

Who do you think you see When you look at me Is it somebody strong Somebody you could admire

And who do you think I am when I take your hand Are you counting on me To fill your dreams and your desires

Well all I am
is lonely just like you
All I wanna do
is have one dream comes true
All I am
is handing you my heart
hoping to be part of you

Who do you think you are Standing in the dark Are you waiting for me Why can't I reach you from here

oh, how do I get to you
won't you let me through
don't you think that may
we have something special to be shared
