

# Eyeballin'

Heatwave

We're going eyeballin'  
Scopin' out the floor  
You better watch it cause we're keeping the score  
We're going eyeballin'  
Checking out the scene  
Ain't gonna stop until we've tasted the cream

So if you're looking good  
And you're feeling hot  
Show me what you got  
Gonna check you out  
In the party lights  
Step right in cause we're eyeballin' tonight

We're going eyeballin'  
Scannin' all we can  
Taking some time ain't leavin' nothing to chance  
We're going eyeballin'  
Laying out the land  
We've got you covered and it's part of the plan

So if you're looking good  
And you're feeling hot  
Show me what you got  
Gonna check you out  
In the party lights  
Step right in cause we're eyeballin' tonight

We need to see you moving  
We've got to catch your act tonight  
We want to see you prove that  
When you groove, you do it right

We're eyeballin'  
Watch you strut your stuff  
We're catch your profile so you better be tough  
We're going eyeballin'  
Playing it kind of cool  
Won't miss no action, we ain't nobody's fool

So if you're looking good  
And you're feeling hot  
Show me what you got  
Gonna check you out  
In the party lights  
Step right in cause we're eyeballin' tonight
