Happiness Togetherness

Heatwave

Happiness, togetherness, lovingness, foreverness
Its love I guess that's why I blessed with peacefulness
Happiness, togetherness, lovingness, foreverness
Its love I guess that's why I blessed with peacefulness, yeah

Folks tend to say when I'm not with you I'm sad
They aren't aware of all the rough times and all the tough time
s
That you and I shared while we stayed together
Through all thick and thin I'll last till the end
Caring for you sharing with you...

Happiness, togetherness, lovingness, foreverness
Its love I guess that's why I blessed with peacefulness
Happiness, togetherness, lovingness, foreverness
Its love I guess that's why I blessed with peacefulness, yeah

As time passes by all of our worries just die
We tend to wear a smile on our face that shows no disgrace
For the love that we've had as we've managed to carry on
Through all thick and think our love will not end
Caring for you sharing with you...

Happiness, togetherness, lovingness, foreverness
Its love I guess that's why I blessed with peacefulness
Happiness, togetherness, lovingness, foreverness
Its love I guess that's why I blessed with peacefulness, yeah

Happiness, togetherness, lovingness, foreverness
Its love I guess that's why I blessed with peacefulness
Happiness, togetherness, lovingness, foreverness
Its love I guess that's why I blessed with peacefulness

We are aware of the things that made us this way
Through all thick and thin I'll last till the end
Caring for you sharing with you...

Happiness, togetherness, lovingness, foreverness
Its love I guess that's why I blessed with peacefulness
Happiness, togetherness, lovingness, foreverness
Its love I guess that's why I blessed with peacefulness, yeah
